

VII Annual Abide in Christ International Pastor Leadership Conference

Above photo of Wil preaching at the Abide in Christ Pastors' Conference at Peniel Theological Seminary in Riobamba, Ecuador, July 31-August 3, 2017.

This week I saw the fruit of eight years of ministry fulfilled. There was such a sweet, sweet spirit, with the excitement and expectations from students and pastors. It was the sweetest experience. Sometimes it is years later when pastors and missionaries see results of ministry. We all look forward to the day when we hear our Lord says, "Well done, good and faithful servant."

The conference has grown each year as pastors come in from all over the country. This year we had the best attendance ever during the daytime sessions. The night sessions were open to the general public and crowds overflowed into the street.

During the daytime, four of my presentations were on our vital union with Christ from Romans 6:1-14. Monday night I preached on the topic the man God uses, and then "the man of God" from Second Timothy at the

Peniel Seminary graduate's dinner on Saturday night graduate's dinner. I also translated for Dr. Cain at the sessions, and at Genesis Bilingual Quichua Church where Alejandro Guacho pastors.

Richard Aguilar translating for Dr. Cain at one of the day sessions. Richard also began each day with excellent Bible Studies for the participants. This was his third conference with us. He pastors a church in the capital city of Quito.

Dr. Rick Cain, a graduate of Dallas Theological Seminary, gave six presentations on systematic theology. These were well received by pastors and students. Dr. Cain is also a dentist and has made two medical dental trips

"BE DILIGENT TO PRESENT YOURSELF APPROVED TO GOD AS A WORKMAN WHO DOES NOT NEED TO BE ASHAMED, HANDLING ACCURATELY THE WORD OF TRUTH" (2 TIMOTHY 2:15).

to Ecuador with our team, and will return next March on a dental team. He is committed to return as a continuing education speaker.

Cindy Aguilar, Abigail and Nancy Copa gave presentations to the women's part of the leadership conference. This has grown and is well attended. Cindy spoke on the ministry of mothers in prayer; Nancy gave morning Bible devotions, and Abigail spoke on nutrition and meal planning. All three emphasized the Biblical themes.

Abigail graduated from the university as a trained dietician, chef, and restaurant

management. Her husband will graduate next year from the university as a chef. He is also a student at Peniel Seminary. He and Abigail and other students are

active in their church a Peniel missions.

AFTER THE CONFERENCE

The weekend was spent at a retreat in Puyo with 25 youth from Genesis Bilingual Church. Three days were packed with services on the doctrine of sanctification at Mount of Olives Quichua Church in Santo Domingo. This was a follow-up on conferences on personal evangelism, the doctrine of justification by faith, and how to maintain sound doctrine in the local church.

Then Alejandro and I conducted a one day evangelism youth conference in Guaranda. I introduced evangelism in depth, gave New Testaments and showed them how to mark the plan of salvation, and gave a personal witnessing demonstration. We are planning on a follow-up youth conference there next year.

On the third week I was back to teaching a 40 hour Peniel Seminary course on Christology at the Pintag extension near the capital city of Quito.

DEDICATION OF THE NEW PROPERTY

Tuesday afternoon after the conference a large group of students, professors, board members, and the speakers went to the new Peniel Seminary property and gave thanks for the Lord's provision of the land. We formed a large rectangle in the form of a building and prayed. One of the women students took off her poncho and used it to take up an offering that amounted to \$260. When we returned to the church where we were holding the conference, the students from the Guayaquil extension took another offering among themselves and brought the total to nearly \$700. The Riobamba students and extensions are beginning to catch the vision of a greatly needed campus.
