Prayer and Praise with Wil and Ann Pounds

A Passion to Learn God's Word

The Nueva Amanecer Quichua Church is one of my favorite churches. I am often invited to teach Bible doctrines and preach to this congregation. Alberto Copa is the pastor, and the church has a strong spiritually mature foundation. I have taught my course on Evangelism in Depth, and held conferences on how to maintain sound doctrine in the local church, key Bible doctrines, etc., over the past several years. A few weeks ago I had the privilege of being their speaker for Father's Day celebration that included special music, entertaining fun-loving presentations and a focused message for the fathers.

This was an excellent way to finish up a mission trip that included personal evangelism, preaching in Quichua churches in San Juan de Guabo and Riobamba, and teaching a 40 hour seminary course on the Apostle Paul's letters at the seminary extension in Pintag, Ecuador. I have taught several courses to these students, and each time I leave with a profound love for them and their ministry. Most of the students are young college age.

Several of these students bring their small children to the classes, otherwise, they could not attend. All of these students work at jobs from early morning until late in the afternoon before coming to class. It is evidence that these students have an enduring passion to learn God's Word.

"I AM UNDER OBLIGATION I AM EAGER TO PREACH THE GOSPEL TO YOU ALSO WHO ARE IN" (ROMANS 1:14-15).

Wil taught a Saturday class for Professor Damaso on the Psalms. On each trip to Riobamba Wil has the opportunity to give an encouraging message on Bible themes to the students to motivate them.

Alejandro and I were visiting a possible location for a future medical-dental team near the town of Chambo. It is an area where there is no evangelical work. A Quichua woman and a man had walked up the mountain road and were resting on a grassy knoll. I introduced myself and began talking to the man. I discovered he was an evangelical Christian believer, and was a faithful member of his church. I drew him aside while Alejandro began to ask the woman about her relationship with Jesus Christ. Alejandro was ready to share the Good News of Jesus Christ using the Roman Road. [I cease to be amazed at how the Lord puts us in the right place at the right time to witness to God's saving grace with the right person.](#)
