Prayer and Praise with Wil and Ann Pounds

God's Team in Alao, Ecuador

Dr. Harry Rimmer once said, **"Medicine is the magnet that draws people to Christ."**

Our medical-dental-evangelism team just returned from Alao, Ecuador.

Jerry Starnes made this observation about the team:

"What a wonderful week our team had in service to our Lord in Alao, Ecuador. It was exciting to see all the children and adults swarm to get the free dental care, eye glasses and medical care and their reaction to their treatment. Several people were so excited about being able to now see to read. We also rejoice in the near 70 professions of faith, 2 rededications and 4 requests for prayer. Also, the time of fellowship with our fellow team members and translators was absolutely wonderful. I appreciated the way Robbie Wilkinson interacted with the children. He won their hearts with his interaction among them. As Wil said many times, 'God put this team together' for we truly did work so very well together. I thought the bus that transported us back and forth from the hotel to Alao was an excellent idea and the driver was outstanding. Also, I greatly appreciated the outstanding treatment we received from the hotel staff and owners. They did everything possible to make our stay so very pleasant. As usual, we had a great time at Peniel Seminary visiting with and preaching to the students there. I look forward to my next trip to Riobamba, whenever that may be. Thank you Wil, for putting the trip together for us. May God bless you, Alejandro and Edwin and your

own-going work in the Riobamba area. I can already hear Jesus saying, 'Well done, good and faithful servant...'"

"This is the best medical team I have ever worked with through the years" – Wil Pounds.

WE COULD SEE A MAJOR DIFFERENCE IN THE ATTITUDE OF THE PEOPLE TOWARD THE GOSPEL WITNESS SINCE OUR LAST VISIT IN OCTOBER 2016.
